

THE RUBY RED CRATER LOOP

5KM

apollo sports

LANZAROTE

This run starts off with an easy first 1km, before you turn up and run to the top of the Montana Roja (Red Mountain). It is mostly on trails of sandy gravel, and once on top the view of Playa Blanca at 150m altitude is well worth the work to get there. Bring a camera. Please be careful on the descent as it is a little difficult.

DISTANCE: 5 km TOTAL CLIMB: 218 m HIGHEST POINT: 164 m
