

# WINDPOWER LOOP

# 57,3KM

apollo  sports

CRETE

You will start on asphalt towards the east coast and the open area will keep you busy looking out over the sea. Turn to Chiona and after Vingla we recommend you to hit the beach road (turn marked with red arrow), here is a great place to have a coffee before continuing. To get to Palekastro take right to archaeology site. Direct after Palekastro follow signs to Xirolimni (also marked with red arrow). Now you'll start heading to the wind park and route is marked with blue until you have signs towards Sitia. Just before Roussa Ekklesia we recommend the fun decent through the plantation site to get back home to a dip in the sea.

If you'd like to go on a road bike tour we recommend this route, but stay on the main road by Vingla and after Palekastro. This will give you a loop of 42 km

DISTANCE: 57,3 km

TOTAL CLIMB: 1210 m

HIGHEST POINT: 671 m
